

How to Change E-mail Address

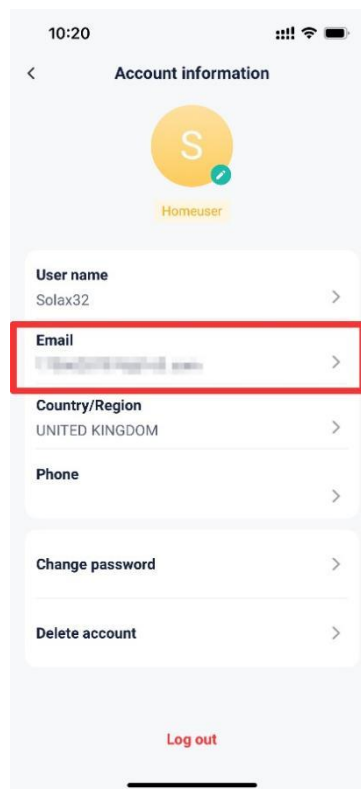

Author: Daniel

Reviewer: Eason

Account

Issue introduction

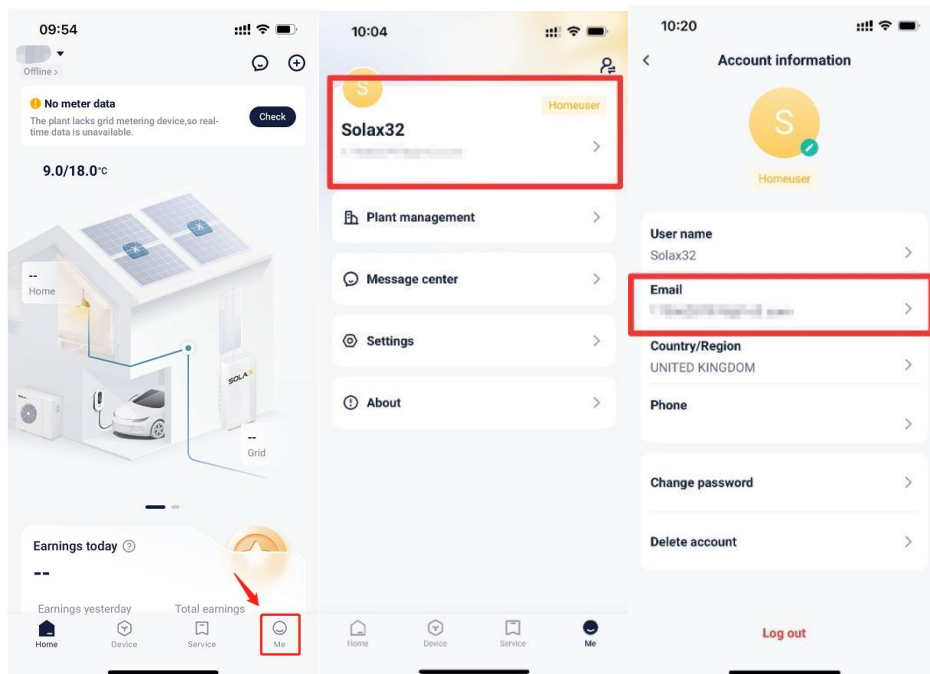

Change the Email address.

Operation guidance

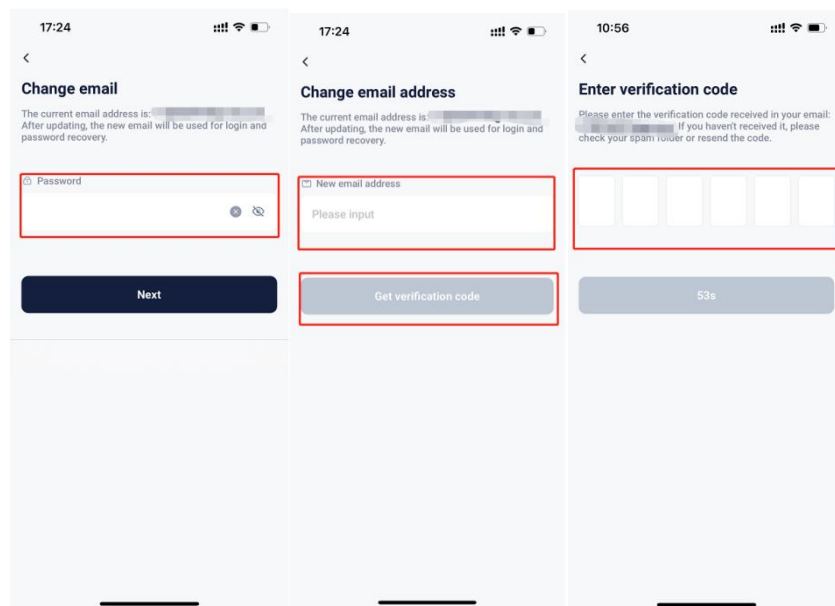

Step1: Go to <Email> to change the email address.

Setting path: *Me*→*Account information*→*Email*

Step2: Enter the password and the new email address, then get verification code and enter it.

Setting path: *Password*→*New email address*→*Get verification code*→*Enter verification code*

Please note

- If failed to receive the verification code, please double check the email address to ensure it is correct.
- If the setting fails, please check your mobile network, ensure a stable connection, log out of your account, and then log back in. Follow the steps above to make the changes.
