Issue introduction

Reset the password

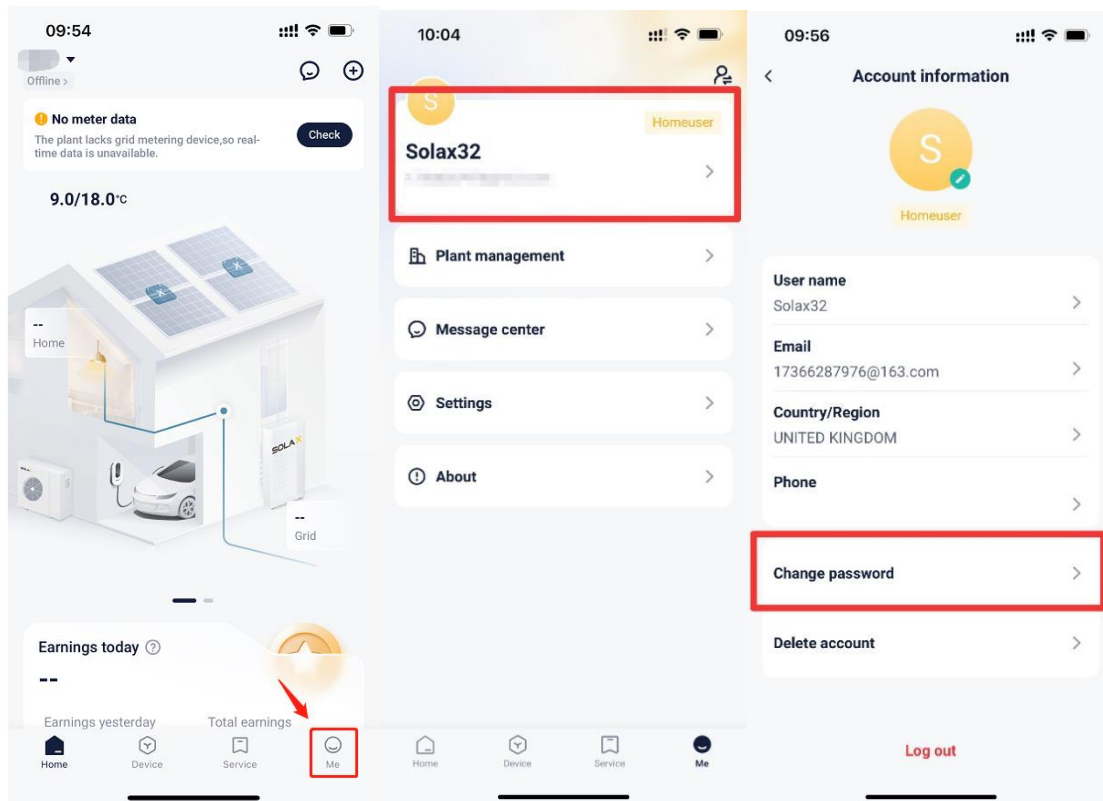

The image shows a mobile application login screen. At the top, the status bar displays the time 13:07, 5G signal, and battery level. Below the status bar, there are links for 'Global' and 'More'. The main heading is 'Welcome!'. There are two input fields: 'Enter user name/e-mail' and 'Enter password'. The 'Enter password' field is highlighted with a red rectangular box. Below the input fields, there is a 'Remember me' checkbox (checked) and a 'Forgot password?' link. A 'Log in' button is positioned below these options. At the bottom, there is a checkbox for 'Log in means that you have read, understood and agreed to the Privacy Policy and Terms of Use'. At the very bottom, there is a link 'Don't have an account? Sign up'.

Operation guidance

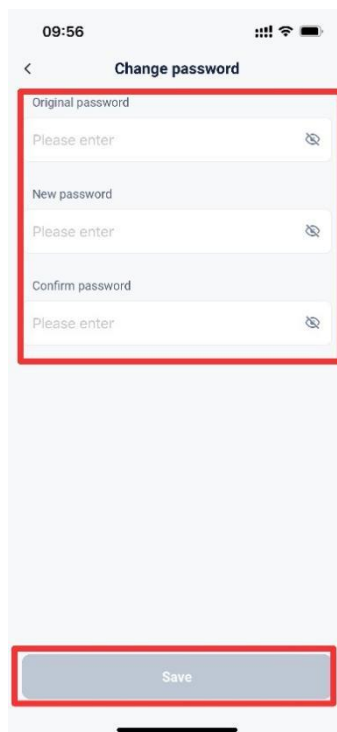

Step1: Go to <Account Information> and tap on “Change password”

Setting path: *Me*→*Account information*→*Change password*

Step2: Enter original password and new password, Then save the settings.

Setting path: *Change password* → *Save*

If forget the password:

Tap on “Forgot Password” on the login page and enter the user name or email address to get the verification code, then enter the received verification code and new password. If forget

Setting path: *Forgot password*→*User name/Email*→*verification code & new password*

The image displays three sequential screenshots of a mobile application interface for password management.

First Screenshot (13:07): Shows the 'Welcome!' login screen. It includes a 'Global >' header, a 'More >' header, and a 'Log in' button. A red box highlights the 'Forgot password?' link, with a red arrow pointing to it. Below the login fields, there is a checkbox for 'Remember me' and a link to 'Privacy Policy and Terms of Use'.

Second Screenshot (13:08): Shows the 'Forgot password?' screen. It includes a '<' header and a 'Send Code' button. A red box highlights the 'Enter user name/e-mail' input field.

Third Screenshot (13:08): Shows the 'Create new password' screen. It includes a '<' header and a 'Reset Password' button. A red box highlights the 'Correct verification code' (with a 32s timer), 'Enter password', and 'Confirm password' input fields.

Please note

- Some special characters may prevent successful reset.
- If the settings save fails, please check your mobile network, ensure a stable connection, log out of your account, and then log back in. Follow the steps above to make the changes.
- If failed to receive the verification code, please double check the email address or user name to ensure it is correct.
