Check the Warranty Period

Upgrade Warranty(Update warranty period)

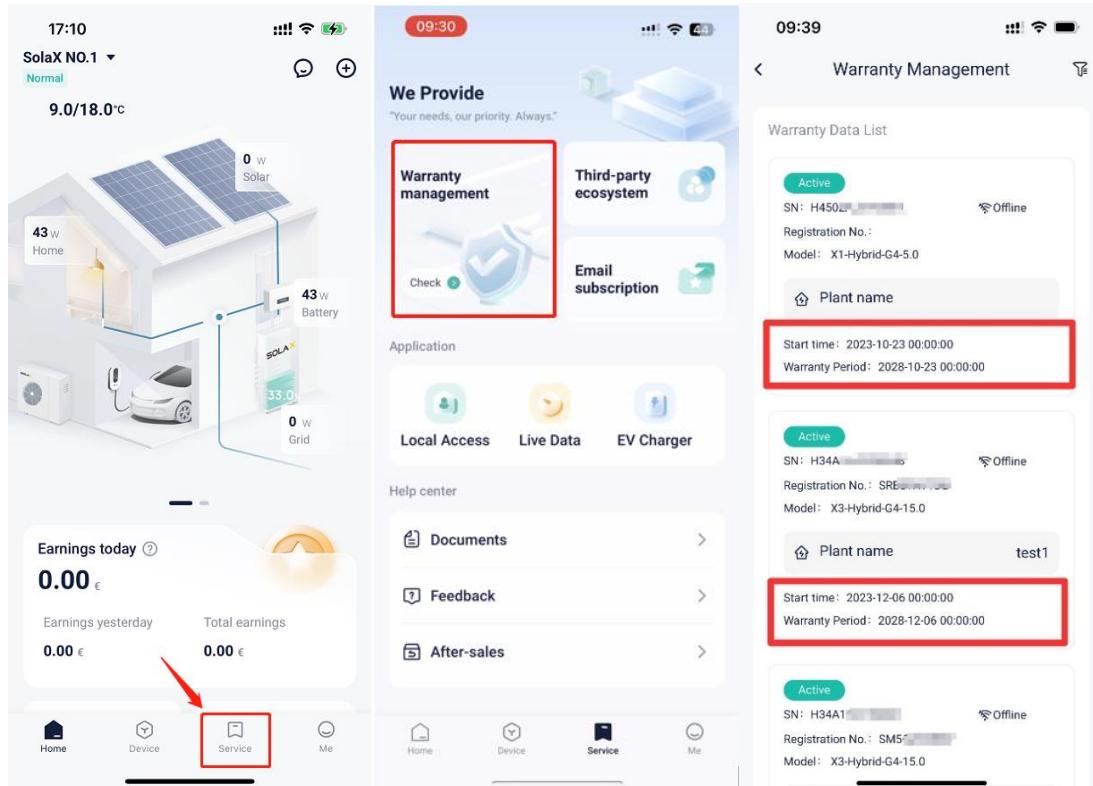

Operation guidance

Check the Warranty Period

APP:

Go to <Warranty Management> to check the warranty period.

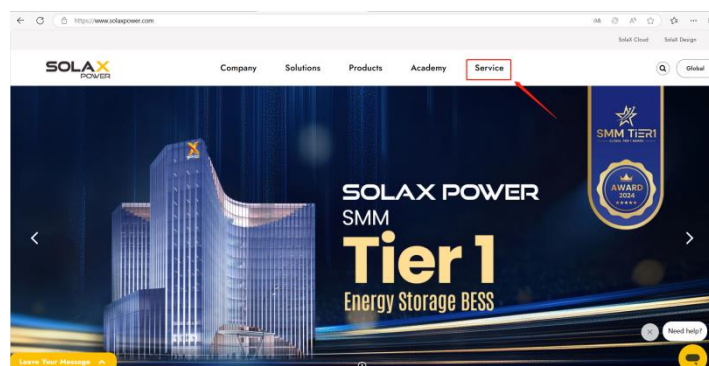

Setting path: *Service*→*Warranty management*

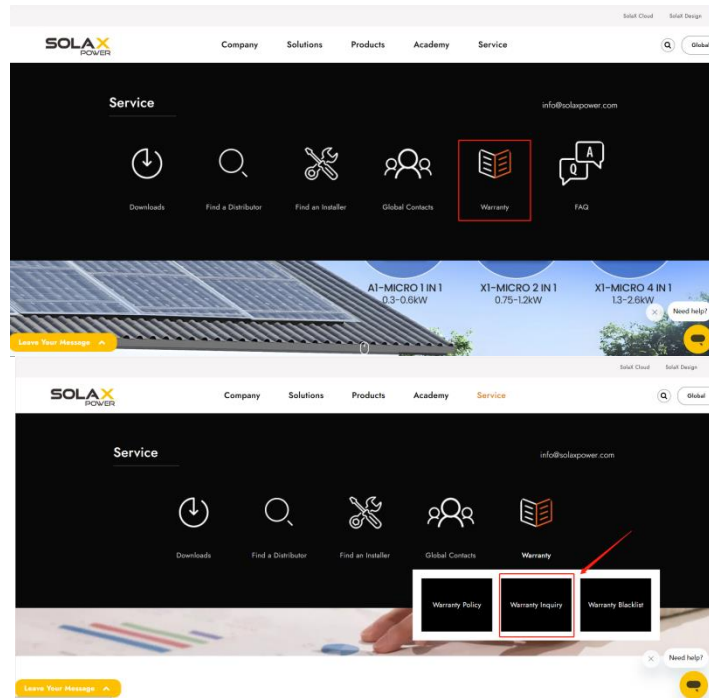

Web:

Step1: Go to the website <<https://www.solaxpower.com/>> , then click “Warranty Inquiry”

Setting path: *Service*→*Warranty*→*Warranty Inquiry*

Step2: Enter the inverter SN to check the warranty start date and the warranty end date, then click “download” to download SolaX warranty certificate.

Setting path: *Device SN→Warranty start date/Warranty end date→Download*

The top screenshot shows the 'Warranty inquiry' form. It has a search bar with the placeholder text 'Please enter the device SN' and a 'Search' button. Below the search bar is a table with the following columns: 'SN', 'Model', 'Warranty start date', and 'Warranty end date'. The 'SN' column contains the value 'H34A'. The 'Model' column contains the value 'X3-HYBRID-15.0D'. The 'Warranty start date' column contains the value '2024-07-30'. The 'Warranty end date' column contains the value '2030-04-30'. To the right of the form is a 'Legal Disclaimer' section.

The bottom screenshot shows the same 'Warranty inquiry' form, but the 'Warranty start date' and 'Warranty end date' fields are highlighted with a red box. Below the table is a 'Download' button. The 'Legal Disclaimer' section is also visible.

Legal Disclaimer

- If the device warranty has been successfully upgraded, the result is the date after upgrade.
- If the device warranty has not been upgraded, the result will be based on data from the SolaX delivery system.

If you have other questions about the query results, please contact us by email. Service.global@solaXpower.com
Only services provided by SolaX can be queried.
